General Information

SITE

Located in picturesque Hyannis, just eighty miles from Logan Airport in Boston and T.F. Green Airport Providence, RI and only two miles from Barnstable Airport. Explore 15 distinctive towns, arts & culture, quaint shops, wooded bicycle paths and endless array of land and sea activities. Visit countless historic sites and landmarks, each telling the proud role that Cape Cod has played in American history. Cape Cod also offers fine dining experiences, New England's best golf and a variety of lodging and accommodations to suit every budget. Create wonderful vacation memories to last a lifetime.

DISCLOSURE POLICY

As a provider accredited by the ACCME, Nemours must ensure balance, independence, objectivity and scientific rigor in its educational activities. All faculty involved in the development of CME content are required to disclose to Nemours their *relevant financial relationships*. An individual has a *relevant financial relationship* if he/she has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the CME activity content over which the individual has control. Nemours has policies in place to resolve potential financial conflicts of interest. Relevant financial relationships will be disclosed to the activity audience.

ACCREDITATION WITH COMMENDATION

Nemours is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

Nemours designates this educational activity for a maximum of 13.0 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This program has been reviewed and is acceptable for 13.5 Prescribed hours by the American Academy of Family Physicians.

Course Description

The objective of the program is to provide a comprehensive update in pediatric medicine and managed care issues to physicians, residents, nurses and allied health professionals. We have an excellent faculty of speakers, and Cape Cod is typically sunny and warm in August. Please join us!

OBJECTIVES

This year's Cape Cod Conference promises to provide you with the latest update on some of the most important issues affecting children. At the end of the conference participants should be able to:

1. Develop a clinical approach to diagnose and manage children with autism.
2. Implement recent developments in allergy and immunology into practice.
3. Manage high risk infants after discharge from the neonatal intensive care unit.
4. Appropriately work-up and / or refer the child with syncope.
5. Manage a variety of nutritional challenges in pediatric practice.
6. Understand and treat the allergic basis of atopic dermatitis.
7. Evaluate children for cardiac disease prior to participation in sports.
8. Order appropriate diagnostic studies in children with thrombocytopenia.
9. Develop an approach to management of viral hepatitis.
10. Advocate for minimizing childhood exposure to environmental tobacco smoke.
11. Better manage children with ADHD using expert advice.
12. Understand and manage common sleep problems in children.
13. Immunize children against influenza using the latest experience and guidelines.
14. Approach the challenges in families when the child has oppositional defiant disorder.

Pharmaceutical and corporate support for this program will be announced during the conference.
